

Das LIFE Teilprogramm « Clean Energy Transition »

Hintergrund, Ziele, Funktionsweise & Förderbereiche

*Ulrike Nuscheler, Senior Project Adviser,
LIFE ENERGY & CLIMATE Unit, CINEA*

Policy context

New climate target 2030: -55%
Fit455 package: revision of
EED, EPBD, RED...

Recovery after COVID-19 crisis:
Next Generation EU funds + MFF

EU funding landscape to support clean energy

For Direct Investments

- Recovery and Resilient Facility
- Cohesion Policy Funds (ERDF, ESF)
- Just Transition Mechanism - JTF

To leverage private investments

- EIB- InvestEU (Sustainable Infrastructure window and SMEs window)

For Research & Innovation

Horizon Europe
Cluster 5 -
Destination 4 :
Buildings and
Industry

To address Market Barriers

- LIFE – Clean Energy Transition & Climate Mitigation and Adaptation
- LIFE – Circular Economy & Quality of Life

For Technical Assistance and Advisory

- ELENA Facility
- Technical Support – Cohesion Policy

LIFE- Clean Energy Transition

- ✓ Continuation of market uptake Coordination and Support Actions under Horizon 2020- Energy Efficiency
- ✓ 7 years budget of almost €1 bn

The sub-programme on Clean Energy Transition

- ✓ Market uptake actions under the predecessor programmes
 - Intelligent Energy Europe (2003-2013)
 - Horizon 2020 Energy Efficiency (2014-2020) - Coordination and Support Actions

- ✓ Key objective: creating market & regulatory enabling conditions for the clean energy transition with the focus on non-technological aspects

LIFE-CET: Other Actions Projects – continuation of the H2020 CSA type of projects

Develop and replicate **EU-wide best practice** on EE and RES policy and address market barriers identified in the Call for Proposal

This implies:

- creating large, European, multi-actor project's consortium for- EU-wide validation & replication of results,
- responding to detailed call requirements drafted in response to the specific policy needs
- intensively interacting with European policy-making process and actively feeding back to policy development

Also:

- No equipment costs, no direct investments in infrastructure, mainly labour costs;
 - A significantly higher associated organisational coordination effort;
- Justify a high co-funding rate of 95%.

Excellent proposals support the mission of the programme

- break market barriers that hamper the socio-economic transition to sustainable energy
- address the shifting needs and barriers for the uptake of energy efficiency
- ensure that EU funding makes a real impact on the ground
- support directly the uptake and implementation of EU legislation, targets and initiatives

For real impact (on the ground)

- “Reduction of time for renovation works on the building site”
- “Increased rate of transformation of energy audits into concrete measure implementation”
- “Number of policies/plans/strategies established”
- “Quality of the measures presented in updated Skills National Roadmap(s)”
- “Delivery of adequately tailored innovative financing schemes that are operational” or “Integrated Home Renovation Services implemented, operational and tested”
- “Demonstration of the effectiveness and replicability of the proposed solutions among energy poor households”
- “Energy savings/renewable energy”
- “Investments in sustainable energy triggered”

LIFE- CLEAN ENERGY TRANSITION

AREAS OF INTERVENTION

Building a national, regional and local **policy framework** supporting the clean energy transition

Accelerating technology roll-out, digitalisation, **new markets, services and business models** and enhancement of the related professional skills on the market

Attracting private **financing** for sustainable energy

Supporting the development of local and regional **projects**

Involving and **empowering citizens** in the clean energy transition

LIFE-CET CALL TOPICS 2021

Building a national, regional and local **policy framework** supporting the clean energy transition

LIFE-2021-CET-LOCAL: Technical support to clean energy transition plans and strategies in municipalities and regions

LIFE-2021-CET-POLICY: Towards an effective implementation of key legislation in the field of sustainable energy

LIFE-2021-CET-GOV: Multilevel climate and energy dialogue to deliver the energy Governance

LIFE-CET CALL TOPICS 2021

Accelerating technology roll-out, digitalisation, **new markets, services and business models** and enhancement of the related professional skills on the market

LIFE-2021-CET-BUILDRENO: Large-scale rollout of industrialised deep renovation solutions

LIFE-2021-CET-AUDITS: Uptake of energy audits recommendations for the energy transition of companies

LIFE-2021-CET-VALUECHAIN: Fostering sustainable energy uptake along the whole value chain in industry and services

LIFE-2021-CET-BUILDSKILLS: BUILD UP Skills – rebooting the National Platforms and Roadmaps

LIFE-2021-CET-COOLING: Facing the increase in cooling demand of buildings in the coming years

LIFE-2021-CET-SMARTSERV: Establish innovative business models and contractual schemes for smart and sector-integrating energy services

LIFE-2021-CET-SMARTREADY: Creating the conditions for a global improvement of smart readiness of European buildings

LIFE-CET CALL TOPICS 2021

Attracting private **financing** for sustainable energy

LIFE-2021-CET-MAINSTREAM: Mainstreaming sustainable energy finance and integrating energy performance in EU sustainable finance criteria and standards

LIFE-2021-CET-INNOFIN: Innovative financing schemes for sustainable energy investments

Supporting the development of local and regional **projects**

LIFE-2021-CET-HOMERENO: Integrated Home Renovation Services

LIFE-2021-CET-HOMERECOM: EU community of "Integrated Home Renovation Services" practitioners

LIFE-2021-CET-COALREGIONS: Community-driven clean energy transition in coal, peat and oil-shale regions

LIFE-2021-CET-PDA: Disruptive PDA – Technical Assistance to advance market boundaries for sustainable energy investments

LIFE-CET CALL TOPICS 2021

Involving and **empowering citizens** in the clean energy transition

LIFE-2021-CET-ENERPOV: Addressing building related interventions for vulnerable districts

LIFE-2021-CET-ENERCOM: Developing support mechanisms for energy communities and other citizen-led initiatives in the field of sustainable energy

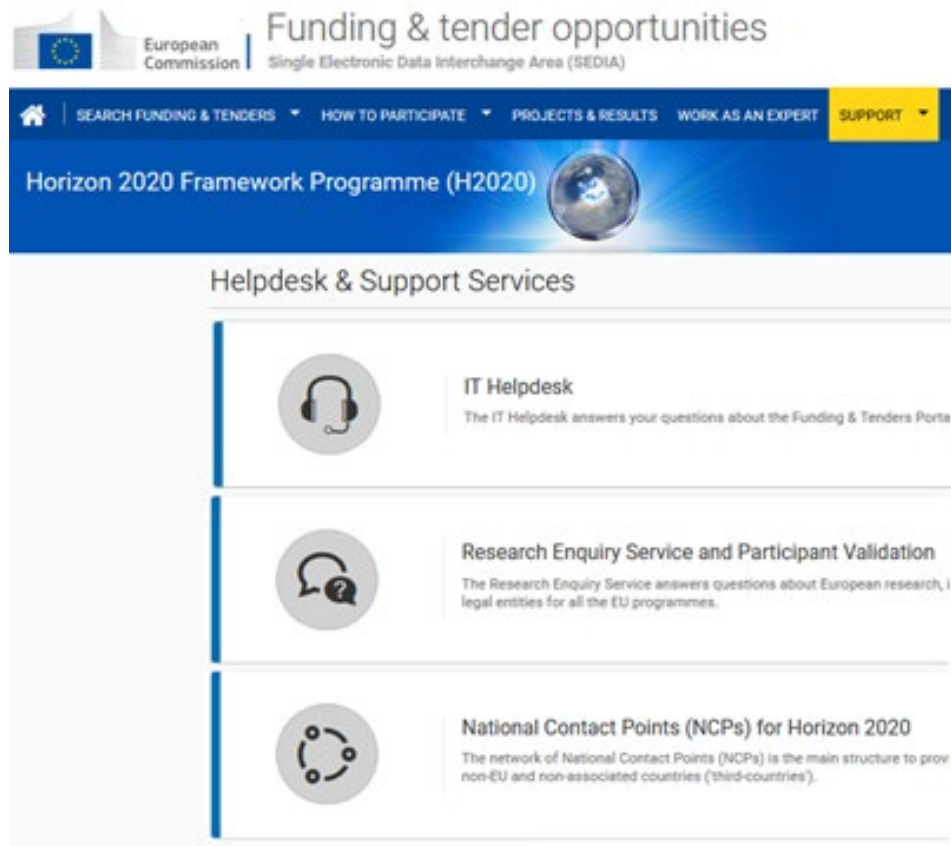

More information

- All Calls for proposals are published on the Funding & Tender portal:
<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/programmes/life2027>
- LIFE webpages https://cinea.ec.europa.eu/life_en
 - Multi-Annual Work Programme 2021 - 2024
 - Detailed presentation recording and slides per CET topic!
 - How to write an excellent proposal
- eGrants Online Manual:
